

the Borough of Lincoln Park, County of Morris, NJ.

The history of Lincoln Park dates back to the founding of our Nation, with settlers first taking up residence as early as 1690. Originally referred to as Two Bridges and later as Beavertown, the town's current name was adopted in 1872.

In April of 1922 the residents established the Borough of Lincoln Park as a separate town from the Township of Pequannock following the passing of a referendum.

Today Lincoln Park is home to 10,930 proud citizens and has been voted by the State of New Jersey as its "Third Kindest Town."

As the Borough of Lincoln Park commemorates its 80th anniversary its residents also remember those that were lost on September 11, 2001, with a memorial service and the dedication of a "Living Memorial" near the railroad station.

In September 2001, Lincoln Park suffered the loss of three of its residents, Peter Wallace, Catherine Nardella, and Mark Zangrilli. Despite the tragedy, the Borough banded together and raised \$20,000 for the World Trade Center Fund at its annual Lincoln Park Day on September 22.

"By serving causes greater than ourselves," the men, women, and children of Lincoln Park are helping to defeat terrorism with the "Best of America," as President Bush has urged us all to do.

Mr. Speaker, for the past 80 years, the Borough of Lincoln Park has played a significant role in helping to create the cultural fabric of our State and the municipality will certainly continue to do so in the years to come. I congratulate the citizens of the Borough of Lincoln Park on their special anniversary year, and urge all my colleagues to join me in wishing them well.

Mr. VISCLOSKY. Mr. Speaker, it is with great pleasure and admiration that I congratulate Sister Kathleen Quinn upon her retirement as chairperson of the Ancilla Systems Board of Directors. I can truly say Sister Kathleen is one of the most dedicated, distinguished, and committed citizens of Indiana's First Congressional District. IN RECOGNITION OF THE  
SHORELINE/SOUTH COUNTY YMCA

**HON. JAY INSLEE**

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, April 23, 2002*

Mr. INSLEE. Mr. Speaker, it is with great pleasure that I commend the Shoreline/South County YMCA on their outstanding contribution to youth and families in the greater Shoreline/South Snohomish County area of the State of Washington.

Now in their 49th year of service in the community, the YMCA builds upon a long-standing tradition of putting kids and families first by providing a location where families can spend time together and young children and teens can find a safe environment full of stimulating

and educational activities. For an increasing number of children, the YMCA fills the void in their lives and gives them direction and support in our ever-changing world.

Through a variety of innovative and supportive programs, the Shoreline/South County YMCA serves more than 3,450 individuals each year. The YMCA reaches out to families of young children through such programs as Y-Guides & Y-Princesses and an endless array of youth sports activities. Additionally, the YMCA child care sites at public schools and summer day camps give working parents the security of quality, affordable day care, with nearly a third of participants receiving financial assistance from the YMCA. In an effort to reach out to teens in the community—many of whom are considered at-risk—the YMCA partners with area schools and city governments to provide tutors at middle schools, after school programs through Klub Kellogg, and leadership building skills for teens through their YMCA Youth & Government program.

The YMCA does not do this alone. The greater Shoreline/South County community generously supports the YMCA to sustain these invaluable services. This year alone, Shoreline/South County residents, community leaders and area businesses donated a record-breaking \$100,000 to the annual Partners for Youth Campaign.

Mr. Speaker, I urge my colleagues to join me in honoring the Board of Directors, staff, and volunteers of the Shoreline/South County YMCA for their unwavering commitment to youth and families and their tireless work to improve their community, one child, one family at a time.

TRIBUTE TO MR. RICHARD  
SHOWLER

**HON. GARY G. MILLER**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, April 23, 2002*

Mr. GARY MILLER of California. Mr. Speaker, I rise today to recognize the accomplishments of Richard Showler, a professional truck driver for Roadway Express, Inc. who recently logged over one million miles on the road without a preventable accident.

To put Mr. Showler's accomplishment in perspective, a million miles is the equivalent of circling the earth's equator 38 times. That's quite a distance.

Although a million miles is probably more than an entire family ever drives—or more than I would ever drive—what is particularly important and noteworthy about Mr. Showler's record is that he's managed to log all of those miles responsibly and attentively.

Even more impressive, perhaps, is that Mr. Showler has driven the majority of these miles on what are arguably the most congested parts of Southern California's highway system. Indeed, anyone familiar with the gridlock and traffic that is characteristic of Southern California could attest to the difficulty of negotiating those roads in a car, much less a semi-truck with a full trailer of goods. In short, Mr. Showler is among the most distinguished and safe drivers out on the road today.

Mr. Showler, a member of Local 952 of the International Brotherhood of Teamsters, has been with Roadway for twenty-two years. Happily married, with a son, Mr. Showler resides
